Mayor Cr Daniel Linklater.

WELCOME TO TROPICAL NORTH VICTORIA!

Our region is your year-round destination for an amazingly diverse range of experiences and events, catering for all ages and interests.

If you're visiting during the summer months, there is a packed program of events, from bringing in the New Year in a family-friendly environment at our free New Year's Eve community event at Nowingi Place to the return of the Australian Open Series Wakeboarding event on our riverfront in January.

Autumn meanwhile signals the return of the annual Cullulleraine Music Festival in March followed a month later by our huge Easter Powersports long weekend featuring a veritable feast of events from motorsport through to rowing and tennis and the massive Good Friday Show and Shine in the Langtree Mall.

Our year-round sunny climate makes our region a population visitor destination during the winter months, featuring the

Mildura River Front Marathon in June, the nationally-recognised Hattah Desert Race and the highly regarded Mildura Writers Festival in July. For those with a sweet tooth, the annual Great Australian Vanilla Slice Triumph takes place in August each year.

Ouyen takes centre stage in September each year with the unique Mallee Root Festival, followed in October by plethora of events, including the Patchewollock Music Festival, Goanna Run, Mildura Show and Merbein Rodeo.

Regardless of what time of the year you visit, you'll be able to experience our region's latest immersive experience, internationally-renowned artist Bruce Munro's Trail of Lights on Lock Island, and sister project Fibre Optic Symphonic Orchestra from early 2026 in the Wentworth – both experiences available year-round, including combination tickets.

And if you love the arts, there's plenty to immerse yourself in by visiting our arts precinct, featuring the Mildura Arts Centre galleries, Rio Vista House and free music during summer months at the regular Twilight events.

Be sure to drop in to the Mildura Visitor Information Centre in Deakin Avenue where you can chat to our friendly staff for inspiration, book a tour or browse the gift shop which is full of products from over 70 local suppliers.

For those who love the outdoors, be sure to visit any one of the numerous National Parks in our region, or take in paddleboat or houseboat cruise on the Murray River.

These are just some of the experiences you can enjoy. For more visit mildura.com.

Whether this is your first time in our region or you're a regular visitor, I hope you enjoy your stay and everything our beautiful area has to offer.

WENTWORTH SHIRE – PERFECT IN EVERY SEASON

From golden summer evenings on the river to the vibrant colours of spring, the crisp air of winter, and the gentle warmth of autumn, Wentworth Shire is a destination for every season.

At the junction of the Murray and Darling rivers, our landscapes, heritage, and community welcome you year-round.

Relax on the river, spend a few days aboard a houseboat, or paddle along the banks in a kayak.

Explore the vast expanse of Mungo National Park and the unique shifting sands of the Perry Sandhills.

I'm incredibly excited to announce a major new reason to visit, especially in

the beautiful, cooling months of autumn: the launch of Fibre Optic Symphonic Orchestra, or FOSO.

Construction is officially underway on this spectacular immersive art installation by internationally acclaimed artist Bruce Munro.

Set to open in April 2026, FOSO will feature 80 columns of light synchronised with an original orchestral score.

This landmark attraction will be set against our iconic Perry Sandhills, creating an unmissable multi-day experience that perfectly complements the existing Trail of Lights installation in Mildura.

Together, these two world-class exhibits

will encourage longer stays and amplify economic benefits for the entire region. FOSO will offer a spectacular visual and aural experience, adding a new dimension to our already rich cultural tourism offering.

Across our towns and villages, you'll find stories to uncover and plenty to enjoy. Call into the Wentworth Visitor Information Centre, browse local shops, and savour a meal at welcoming cafés and wineries.

No matter when you visit - whether for the riverside relaxation of Buronga/Gol Gol, the historic charm of Wentworth, or to be among the first to experience FOSO in 2026 - Wentworth Shire's scenery, history, and hospitality will make you want to return again and again.

Mildura Weir and Lock 11

HUGH KING DRIVE

With the irrigation colony of Mildura booming in the first part of the last century, demand for water had never been greater.

In order to meet this demand and create a stable pool level, work on the Mildura Weir began in earnest in 1923 and was completed four years later.

The installation of the weir meant that a lock was needed so that vessels could continue to navigate the river.

While the weir is in place, the lock is required to operate daily, allowing houseboats and paddle steamers to pass through.

Lock 11 has a lush lawn and picnic area for those lazy day picnics. While there, wander across the top of the lock gates to explore Lock Island.

Lock 11 also provides access to Lock Island.

WHAT TO SEE AND DO

RAAF Memorial and Museum is home to a restored CA-27 Avon Sabre A94-906.

Rio Vista Historic House is part of the Mildura Arts Centre.

RAAF Memorial and Museum

MILDURA AIRPORT

Mildura flew into the World War II history books in 1942.

From 1942 until 1946, the Mildura Airfield transformed into the home of the No 2 Operational Training Unit (2OTU).

The role of the 2OTU was to provide operational fighter conversion and training to pilots before they were posted to their operational squadrons.

One thousand two hundred and forty six pilots flew Wirraway, Boomerang, Spitfire, Kittyhawks and Mustang aircraft at the base.

Many famous airmen trained or instructed at the Mildura base, including former Prime Minister John Gorton.

The RAAF Memorial and Museum was established at the Mildura Airport to preserve this important part of the district's history.

The Museum contains a large number of RAAF memorabilia and displays relating to the activities of 2OTU at Mildura and wartime operations elsewhere.

Visitors are welcome to browse the displays or be guided by friendly volunteers.

For more information visit mildurarsl.com.au.

Rio Vista Historic House

199 CURETON AVENUE, MILDURA

Completed in 1891, WB Chaffey's grand house, Rio Vista symbolises the dreams of the Chaffey Brothers who founded the Mildura Irrigation Settlement.

Built in Queen Anne style with Californian references, the house commands views of the river and surrounding parklands.

Step back in time and explore a vision

of what the region would have looked like in its founding days.

This treasured home boasts original finishes, furnishings and furniture, beautiful stained glass windows, which were handmade and imported from England - an exquisite tessellated entrance hall floor made of Italian tiles, richly coloured wallpaper and extensive time finishes and panelling throughout.

Rio Vista Historic House is open daily from 10am until 4pm, but is closed Christmas Day and Good Friday with reduced hours on Anzac Day.

Discover the past at Langtree Hall.

The Langtree Hall

79 WALNUT AVENUE, MILDURA

Built in 1889, Mildura's Langtree Hall has been reinvented many times and is packed full of history.

As Mildura's first public hall, it has been used for a variety of different activities, including a roller skating rink and a court of petty sessions, until the Mildura Court House was built in 1892.

It has also been a gymnasium, billiard saloon and storage room.

At one time, the hall was used as a performance venue, undergoing a refurbishment before opening as the Lyric Theatre in about 1913.

As the name suggests, the hall began its life in Langtree Avenue, and has

survived two moves.

In 1991, it was carefully dismantled and rebuilt at its current location, meaning an important piece of Mildura's early history was saved and returned to its former glory.

The Langtree Hall is open Wednesday, Friday and Saturday from 11am until 4pm, or by appointment. Group bookings are welcome.

Call 0427 113 090 or visit mildura.com.

Old Mildura Homestead

278A CURETON AVENUE, MILDURA

Mildura was here long before the irrigation era - with Aboriginal populations, European explorers, overlanders and pastoralists moving through the landscape and leaving their own indelible mark.

The Old Mildura Homestead site has been recreated to remind us of another time in the area's history, when pastoralists arrived in the mid 1850s to try their luck in the harsh desert conditions.

Visitors to the Old Mildura Homestead site can see a replica of Mildura's first cottage built in 1850.

There is also a replica of the extension added by the Chaffey family and a lovely rose garden and olive grove.

While there, explore the woolshed and stables, which overlook the Murray River.

The woolshed is a popular event venue, with wedding parties often spotted in the grounds of the homestead.

Pack a picnic lunch and enjoy the relaxing surroundings, right on the banks of the mighty Murray River.

The Old Mildura Homestead gives an insight into what life was like in the very first decades of settlement in the region.

WHAT TO SEE AND DO

The region's soldier settlers are spotlighted at Red Cliffs and District Historical Society.

Red Cliffs and District Historical Society

JAMIESON AVENUE, RED CLIFFS

To fully appreciate the blood, sweat and tears that went into creating Sunraysia's fruit blocks, it helps to understand the history of the district's soldier settlement.

When the first Aussie troops began coming home from Europe and the Middle East after World War I, soldier settlements were planned for Victoria's north west. Red Cliffs would be the largest.

The Red Cliffs and District Society is dedicated to preserving this history since its foundation in 1984 - when some of the original soldiers were still alive.

Today, the society's museum houses memorabilia, photographs and written records vital to piecing together the town's history.

For more information find them on Facebook or visit: redcliffshistory.wordpress.com.

Big Lizzie

BARCLAY SQUARE, RED CLIFFS

It's hard to walk through Red Cliff's Barclay Square without stopping to inspect the town's imposing and iconic tractor, fondly known as Big Lizzie.

Big Lizzie takes pride of place in Red Cliffs.

Lake Ouyen is a water sport haven.

Constructed in Richmond, Melbourne, by inventor and blacksmith Frank Bottrill in 1915, Lizzie was initially commissioned to replace the camel trains that carried wool and other heavy loads in sandy terrain.

Originally bound for Broken Hill, she struggled to cross the Murray River at Echuca due to floods and a lack of adequate river crossings that could hold her colossal weight.

Instead, with her 45-tonne payload, she was put to work clearing Mallee scrub in Red Cliffs for the 700 Soldier Settlement blocks for veterans of World War I.

By 1920, Big Lizzie had commenced clearing 6000 hectares of Mallee scrub, destined to become the Red Cliffs irrigation settlement.

After being moved to western Victoria in 1924 to clear more land, she was lost to the community for some time when in 1971, a committee was formed to negotiate the sale and return of Big Lizzie to Red Cliffs.

The mission was successful and Big Lizzie now takes pride of place in Barclay Square, where she draws a lot of well deserved attention.

Ouyen Lake

N W ROAD, OUYEN

Ouyen Lake is a popular spot for both visitors and locals, with water sports such as swimming, canoeing, boating and sailing massive attractions.

On shore there's a walking track and a community garden full of purple native plants, dedicated to raising awareness of dementia.

Robinswood Homestead

MCLENNAN DRIVE, ROBINVALE

Eager to learn more about Robinvale's past?

A visit to Robinswood Homestead promises insight into Robinvale's rich heritage.

Robinvale, with its origins dating back to the 1920s honours the memory of George Robin Cuttle, the second son of H.E. and M.A. Cuttle.

The township of Robinvale is named after George Robin, known as Robin, who tragically died near Villers-Bretonneux, France, during World War I.

The Cuttle's former family home now stands as a historic landmark amidst lush gardens.

Robinvale has three permanent exhibitions. The Migration Memories exhibition showcases Robinvale's rich migrant history, with the Cuttle Room containing loaded memorabilia and mementos that honours the life and legacy of the Cuttle family.

As you wander through Robinswood into the third exhibition, you will feel the pride that Robinvale takes in its special connection to Villers-Bretonneux.

As part of your trip to Robinvale, step back into the past at Robinswood Homestead.

Open Tuesday, Thursday and by appointment. Gold coin donations on entry. For more information visit their Facebook page or contact the Robinvale Visitor Information Centre.

at the wharf from outlying stations to be loaded onto steamers for transportation to market along the Murray River Highway.

An early pioneer, Captain John Egge has been immortalised with a bronze statue seated on the wharf and looking out towards the Darling and River Junction.

With the original wharf falling into disrepair and being demolished in 1983, the wharf that stands today in its place is an exact replica.

Australia in 1907, the paddle steamer was used to transport passengers and cargo along the Murray River between Echuca, Mildura, Wentworth and Goolwa. Slowly, the Ruby fell into disrepair, eventually becoming a houseboat when river travel declined.

In 1968 the Rotary Club of Wentworth purchased the boat and placed her into dry dock at Fotherby Park.

In 1995, the club realised the need for major restoration and work began to painstakingly restore her.

While in the park, take a moment to view the monument honouring The Possum, a local character who lived off the land in and around Wentworth during the Great Depression.

Today, you can walk through the eerie structure, either at your own pace or on a self guided tour.

History and ghost tours have also been held at the site. Before you leave, don't forget to step inside the gaoler's residence where you can purchase souvenirs, old wares and antiques.

Sunraysia Gang Show

For half a century, Sunraysia Gang Show has been a beacon of opportunity, creativity, and community spirit in the Sunraysia region. Since our inception in 1977, our youth performing arts program has transformed the lives of over 2,500 cast and crew members, providing a stage not only for entertainment but for personal growth, confidence and lifelong friendships.

Born from humble beginnings and inspired by the support of Melbourne and Adelaide Gang Shows, Sunraysia Gang Show quickly became the region's longest-running youth performance event. Each year, more than 150 cast and crew members, including Scouts, Girl Guides and volunteers, come together to create a family-friendly show that delights audiences of all ages with singing, dancing, sketches, and full-stage musical numbers.

The impact of Sunraysia Gang Show extends far beyond the stage. Through participation, young people develop essential life skills: teamwork, self-esteem, and resilience. The program fosters intergenerational connections, with third-generation performers now gracing the stage, continuing a legacy of community engagement and artistic excellence. The iconic red Gang Show scarves and name badges are more than memorabilia, they are symbols of belonging and achievement for every past and present member.

As Sunraysia Gang Show celebrates our 50th anniversary in 2026, the Production Team have been preparing a special season of performances at the Mildura Arts Centre Theatre and Re-union committee are preparing the celebration dinner and associated re-union activities.

We invite everyone to join us at the Mildura Arts Centre Theatre to help celebrate our 50th Show!

Whether it is a day trip or a camping adventure, Hattah-Kulkyne National Park is a natural environment where you can breathe in fresh air and unplug from life.

If you like walking, trekking, boating, canoeing, cycling, birdwatching, fishing and driving along the many tracks, then you will love Hattah-Kulkyne.

A paradise for nature lovers, there are picnic areas for day trippers and picturesque camping sites at Lake Hattah and Lake Mournpall.

Murray-Sunset National Park

Murray - Sunset National Park is in one of few remaining semi-arid regions in the world with a vast but beautiful environment.

With wide open landscapes you will experience starry nights and spectacular sunsets. This is an amazing park for bushwalking, camping and four wheel exploring.

Stop by The Pink Lakes which change in colour from a deep glowing pink to sparkling iridescent white with the salt crystals catching the light. A visit to these majestic lakes is an experience in itself, so don't forget your camera.

Mungo National Park

Mungo National Park is compelling and awe inspiring, a place to marvel at the scenery, appreciate the Aboriginal connection to the land - dating back more than 40,000 years, and acknowledge the pastoral endeavours of those who came much later.

World Heritage - listed as part of the Willandra Lakes Area, the park is home to the famous Mungo Lady and Mungo Man, and is a breathtaking place to enjoy a walk or a picnic.

You can also choose to drive the 70km Mungo Track by car, which takes you from the Visitor Information Centre to the aptly named Walls of China, around a stunning lookout over the park, and beyond.

Along the way, you'll discover an ever-changing landscape, finally arriving at sand dunes rising up out of the flat plains - reminiscent of scenes from science-fiction films.

Cullulleraine Music Festival

MARCH 19 TO 22 2026

The Cullulleraine Music Festival, located a short drive (about 30 minutes) from Mildura, is a can't miss event for music lovers and anyone looking to combine great live entertainment with the expansive skies, red-earth charm and warm hospitality of the region.

The festival will commence on Thursday 19 March with a 'pre-event' at Werrimul Hotel, Victoria's 'most outback pub'. Catch the bus from your campsite at Tranquil Waters or Bushman's Rest, or meet us there for a good feed and some enjoyable live music guaranteed.

Then comes the festival proper, from the evening of Friday 20 March through to the afternoon on Sunday 22 March, on the edge of the picturesque Lake Cullulleraine. Grab your camp chair or get out of your seat and dance to a diverse line-up of musical acts and more.

The highlight of Friday night is undoubtedly the traditional bush dance, with the Move It Sunraysia Line Dancing Crew leading the way and others soon to follow.

On Saturday morning you can ease into the day with a coffee or hot breakfast, stretch your legs with a walk along the Cullulleraine Trail, or find your zen with a yoga workshop.

As the day progresses there will be opportunities to visit market stalls and participate in art, music and dance workshops for people of all ages. Traditional favourites include the GalleryF artists, Listo Trapeze Circus crew

and Catherine from Sunraysia Arts and Learning with her collection of musical instruments from all over the world.

Later in the afternoon, and well into the evening, you'll be blessed with a diverse range of musical acts that you won't see at any other event in the region. Sit back and enjoy our carefully curated line-up, a symphonious assortment designed to please all musical tastes.

No doubt fan-favourite Steve from Fossey's will be on-hand to deliver a 'hoppy' craft beer, a rich local wine, or a botanically infused gin, as you drift through a melodic afternoon of harmonious tunes in good company.

If you fancy a bite our resident 'foodie' Garry prides himself on providing a variety of locally-sourced food vans. Whether you are after some salt and pepper squid, a hearty pulled pork burger or some Nepalese dumplings, there's no doubt you'll find something to please your palette. Followed by dessert, strawberries and cream of course.

As the evening progresses and the crowd increases, the tempo will rise with a big band act to get you off your feet as the sun goes down.

What goes on after that is anyone's guess!

Sunday morning we do it all again with our visiting artists joining their fans for further workshops, for people of all abilities, in a communal and welcoming atmosphere.

This is all followed by some more music, good food and drink and a final goodbye, with great memories to leave behind and anticipation rising for the years ahead.

SEE YOU ALL AT CULLULLERAINÉ MUSIC FESTIVAL 2026!

Perry Sandhills

For a complete change of scenery, head to the hills. The Perry Sandhills, that is.

Geologists claim the sandhills originated after the ice age 40,000 years ago, and were formed by wind erosion over thousands of years.

The dunes are a unique formation of 333ha of continuously shifting sand dunes.

Aboriginal people used the area to camp and hunt, and evidence of this is still being uncovered as the sands continue to shift.

Skeletons of mega-fauna have been found there during World War II, when the sandhills were used as a bombing practice range.

Walk amongst the canopy of a stunning river red gum which has been swallowed up by the shifting sand.

Remember to check road conditions at the Wentworth Visitor Information Centre first, and don't forget to take plenty of drinking water, hats and sunscreen.

Lake Cullulleraine

Head to Lake Cullulleraine, a man-made freshwater lake located a short 45 minutes from Mildura.

There you will find a popular stop for travellers, offering numerous recreational activities due to its constant water supply.

You can indulge in swimming, canoeing, kayaking, sailing, water skiing and jet skiing. The lake is surrounded by walking trails and is ideal for bird watching and spotting native wildlife in the surrounding natural landscape.

With two lakeside caravan parks you can either stop for a few days or make it a day trip.

Merbein Walk

Forbes Drive Merbein

Merbein Rotary Lookout provides the best views across Mildura and beyond.

It also happens to be the highest point in the district, thanks to the white cliffs towering over the Murray River.

If you're up for an easy walk, wander through the Pioneer Plantation, established as a tribute to those early settlers who turned Merbein into the irrigated settlement it is today.

Head down the 133 steps to the river's edge and Chaffey Landing, and then follow the trail around until you arrive at the Merbein Common with its many walking, cycling and four wheel driving tracks.

Murray Cliffs Lookout

Pumps Road, Red Cliffs

Curious about Red Cliffs' namesake? Take a drive out to the Murray Cliffs Lookout, and Scenic Reserve and you'll soon understand.

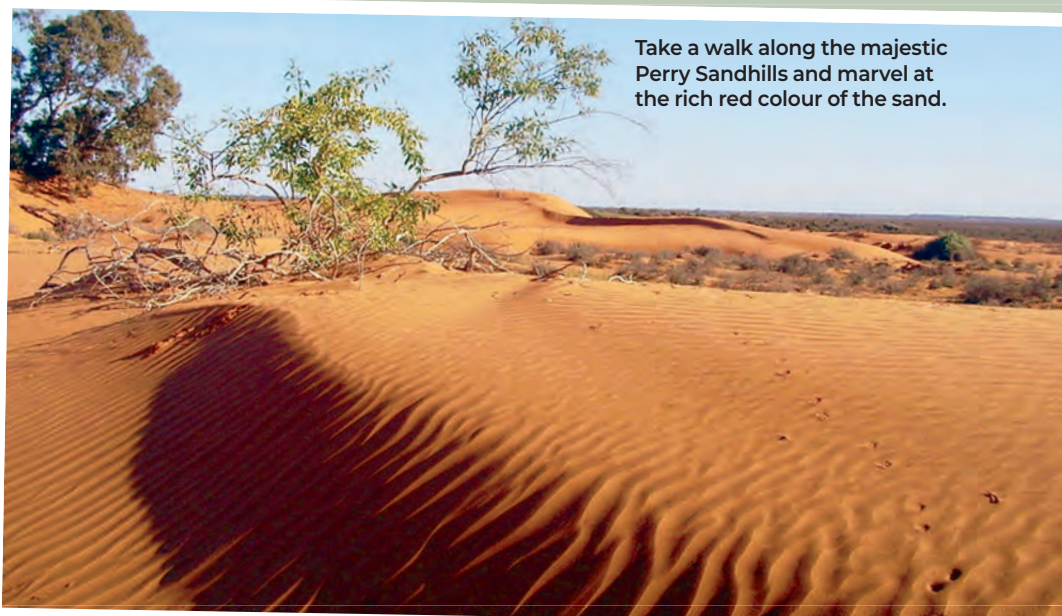

Dubbed the most photographed view on the Murray River, the lookout is a short drive from the town's centre.

See for yourself the magical rich red colour of the high river cliffs and their striking reflection on the surface of the Murray River below.

While there, enjoy the beauty of mother nature as you explore the 21-hectare scenic reserve.

To make it easier to move about, boardwalks and viewing areas have been erected.

You'll also witness ancient Aboriginal middens, spectacular bird populations and the remains of the old Carwaarp boiler.

Take a walk along the majestic Perry Sandhills and marvel at the rich red colour of the sand.

Lake Cullulleraine is at the heart of the Millewa region.

EXPLORE THE GREAT OUTDOORS

Take a look at the confluence of the Murray and Darling Rivers and see the two rivers meeting.

Thegoa Lagoon

Wentworth

Thegoa Lagoon may appear unassuming, but scratch the surface and you'll find a place steeped in environmental, cultural, social and economic importance to the Lower Murray Darling regions.

At its essence, the lagoon is a non-permanent freshwater wetland supporting a healthy and diverse community of native flora and fauna. Thegoa Lagoon with its proximity to the river junction was a natural 'meeting place' where Aboriginal people gathered for corroborees.

Rich in history where you can learn of the archaeological sites including middens, hearths and scar trees.

Enjoy the natural beauty of the bush as you wander around. Thegoa Lagoon is a great place for bird watching, bush walking or for enjoying a family picnic.

Pick up self guided tour notes from the Wentworth Visitor Information Centre, and don't forget to check current accessibility.

Murray Darling Junction

Wentworth

Visit the junction of Australia's two most significant rivers, the Murray and the Darling.

With a backdrop of impressive river red gums and natural vegetation, the Murray-Darling Junction offers a great spot to picnic and explore.

It was at this spot, in 1830, that Captain Charles Sturt gave the Murray River its name.

Long before this, the area was an important meeting place for local Aboriginal populations who used it for trading, meetings and corroborees.

Close to the junction is Lock 10 and the Wentworth Weir, picturesque spots that photographers love.

Built in 1929, the Weir and Lock 10 play an important role in the Murray - Darling water system in both maintaining a high level of water for irrigation in times of little to regular water flows.

Climb the viewing platform and take in the amazing view overlooking the junction.

Lock Island and Lock 11

Mildura

In the 1920s, locks were constructed along the Murray River to keep water levels steady for irrigation purposes and to help Paddle Steamers navigate safely.

Prior to this, the river's water levels fluctuated dramatically, with the river looking very different from what it does now.

River locks are an ingenious feat of engineering that help boats move easily and safely on the river.

They act like "water elevators" for boats, raising or lowering them between different water levels.

By holding a boat between two gates and controlling the water, locks allow smooth boat movement.

With construction commencing in 1923, the Lock was completed in 1927.

Lock 11 is unique due to the creation of Lock Island during its construction, which separates the lock from the weir.

Visiting Lock 11 is a great way to watch boats navigate this amazing structure, and see how it works. For a unique perspective be sure to take a Paddle Steamer cruise and experience it up close for yourself.

Visitors to Mildura can also explore Lock Island, which is easily accessible via a footbridge at Lock 11.

This peaceful island has inviting walking tracks, grassy areas perfect for picnics, and beautiful views of the river and the weir.
